Sloth Sanctuary and River Floating- \$150.00pp

Sloth Sanctuary & River Floating, discover the Costa Rica's natural beauties and diverse wildlife from a safari float along this beautiful river. Traveling on this calm river waters will gives you an unique opportunity for spotting wildlife and birds on an effortless way to reach, otherwise inaccessible jungle locations. Along the river, a local tour guide points out wildlife you would likely miss on your own.

Monte Verde Cloud Forest - \$165.00pp

Monteverde Costa Rica, don't miss the opportunity to visit the beautiful cloud forest of Monte Verde. This tour is available from Guanacaste hotels. If you are staying in the beautiful beaches of the Pacific Coastline of Guanacaste, you must experience the real essence of the Cloud Forest.

What a better place than Monte Verde? One of Costa Rica's most remarkable destinations for nature lovers. Its temperature goes from 61-64° F, estimated annual rainfall is 118 inches, altitude 5,900 feet and, the highest hiking trails are at the elevation of 4,100 feet.

Available to visit from Guanacaste with an estimated travel time of 3.3hr; we agree this seems a long travel time however, well worth the time to visit this majestic and unique Cloud Forest of Costa Rica. This tour consist in a trek over the suspension bridges, the longest ones in Costa Rica, from there you can admire the most amazing views from the treetops like you never see before.

Palo Verde National Park - \$100.00pp

Bird Watching Excursions in Costa Rica - Palo Verde National Park, is a wetland that not only embrace exotic migration birds, this national park is well known to find White Face Monkeys and Crocodiles in their natural habitat. Costa Rica is a top destination for bird enthusiasts and photographers. For those seeking an exquisite avifauna Costa Rica won't disappoint.

Embracing an estimate of 830 bird species, Costa Rica is a real paradise for the bird watching travelers. Around 600 species of birds call Costa Rica as their home all year around, 200 migrate from temperate zones, The Palo Verde National Park has one of the **most important wetlands of Costa Rica**

and America, it attracts many migrating birds and exotic reptiles. Once aboard the boat, you can be witness and observe the natural beauties of this mangrove, including all its wildlife such as huge crocodiles resting under the sun, groups of white faced monkeys moving between the branches, and many species of birds. The boat tour takes about two hours, after finishing off this lovely trip, you will be taken to enjoy a real and authentic Costa Rican restaurant, to enjoy one of the best meals you will have in Costa Rica.
